Several requests have been received from Government servants to sanction advances to redeem a non-Government loan or loans already drawn to construct a house either at the place of duty or at the place where the Government servant proposes to settle after retirement.

As such requests are similar to one mentioned in para 1 above it is ordered that loans may be granted to Government servants to redeem a non-Government loan or loans already drawn to construct a house on a site possessed either at the place of duty or at the place where the Government servant proposes to settle after retirement.
